50 Lbs Dry or Liquid CO ₂	\$184.00	\$221.00
Dry Nitrogen 300 ft ³	\$227.00	\$273.00

INSTALLATION & CONNECTIONS

- Plumbing Service is brought from the nearest column or floor port into the booth.
- Air and Water connections are available in limited locations on the exhibit floor. Connection sizes and booth locations all factor into planning to supply air and water to exhibitors. Please provide a floor plan of the exhibit space indicating locations that require air or water service as well as connection requirements well in advance of exhibitor move-in.

Terms & Conditions

- The MCCA is the exclusive provider of all plumbing services. All plumbing equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA Personnel.
- Exhibitors are not permitted to fill or drain their own equipment, use individual air compressors, or bring their own compressed gases from an outside vendor.
- All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an

exhibitor requires additional plumbing labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:

- » Monday-Friday 8am-4pm (except holidays)
\$77.00
- » All other times, including holidays
\$115.00

FREQUENTLY ASKED QUESTIONS

Do all water connections need a drain?

While most water connections do require a drain service, there are some cases where the drain is unnecessary. When the water provided is being consumed or evaporated, a drain is not needed. For example, exhibitors using water service for a coffee machine do not need to order a drain because the water is being consumed.

Will you provide the fittings and hoses for my water and drain connections?

To ensure that your booth's equipment runs properly we ask that you supply your own regulators, filters, and hoses.

When would I need to order a Fill and Drain Service?

Some of the most common reasons exhibitors order fill and drain are for items like fish tanks, pools, tubs for display, or running water displays. We use large hoses to fill vessels requiring water and then use existing drains in the floor to remove the water at the end of the show. Exhibitors are not permitted to bring their own water or use MCCA sinks to fill their own equipment.

My booth requires a sprinkler system. What plumbing service should I order?

If your booth requires a sprinkler system, you will need to order an individual water connection specifically for this purpose.

My exhibitor kit says I need to order a hand washing unit because I am planning to prepare food in my booth. Do you provide these units?

Levy Restaurants, our exclusive in-house catering company, can provide a hand washing unit that includes a small hand washing sink, paper towels, soap, and a discard bucket. Please consult your exhibitor kit for Levy Restaurants information or contact them directly at the BCEC (617.954.2382).

Do you allow Exhibitors to bring Helium balloons into your buildings?

No, unfortunately we do not allow exhibitors to bring helium balloons into the buildings.
